5-Foot Teak Garden Bench

Stretch out with a good book on a sunny afternoon—or cuddle up with a loved one and watch the seasons change. This 5-foot solid teak bench will add years of pleasure to your patio, deck, or yard. Teak's tolerance of the elements means you can leave this sturdy bench outdoors year-round. Shipped in its natural state, your teak bench will weather to a warm grey during its first season. Our artisans hand-select every piece of wood, shaping them into a softly rounded, stately piece that is so much more than furniture—it's a legacy.

Venetian Solar Stepping Stones

Line a garden path. . . or light the way to a midnight poolside party. Your Venetian Solar Stepping Stones will lead guests to the action, keeping them off the grass and out of your garden. Children love to watch them illuminate, one by one, as the sun sets. These energy-saving amber LED lights are powered by an integral solar panel and a rechargeable NiMJ battery pack. Venetian Solar Stepping Stones are easy to install—no wiring, no digging. Simply place each Venetian Solar Stepping Stone along your path and you're good to go. Sold individually—or take a 10% discount if you order 12 or more.

Backyard Bird Buffet

Bring a riot of winter color to your backyard with our largest birdfeeder ever, the Backyard Bird Buffet. Scarlet cardinals, golden finches, blue jays and more will swoop in for a snack and delight you for hours with their antics. This squirrel-resistant birdfeeder holds more than two pounds of seeds or suet, and can be mounted on a post or hung from a tree. It unhooks for easy cleaning—but don't leave the Backyard Bird Buffet down too long, or your winter friends will fly away. Available in three easy-clean metal finishes: weathered brass, winter copper, or black.
